Online Workshop on

PROJECT MANAGEMENT DURING CRISIS

11 – 12 – 13 August 2021 : 02.00pm to 06.00pm

CONTEXT:

Most crises are often, at their core, also a resource problem. However, let's look at it from another angle: it's a problem of too many workers pursuing scarce work. To remedy this, you either need to bring in more projects or reduce the number of employees. For this reason, as we see today, good project management is especially vital during a crisis.

LEARNING OBJECTIVES

Crisis is a visibly negative situation that has hit a project & its operations. It is to be dealt with differently than the regular project situations.

The training program focuses on highlighting -

- ✓ The perspective required to make cost decisions.
- ✓ Introduction to economic models that facilitate calculation of cost vs. returns.
- ✓ Analyse stakeholders from project perspective.
- ✓ High stakes, uncertain situations!! Difficult conversations are unavoidable and necessary too.
- ✓ With practice they can be dealt effectively and towards amicable resolutions.
- ✓ The much required psychology & outlook to adopt that further enhances mutual cooperation.
