

4th Edition of Competition on Best Practices in “Occupational Health & Safety”

Theme 2022: “Working @ Height”

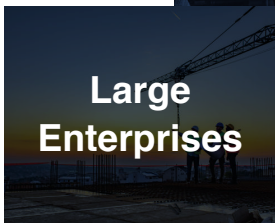

Unsafe working at height remains one of the biggest causes of fatalities and major injuries at several industries such as Manufacturing, Mining, Ports, Construction, Offices, Warehouses etc.

Irrespective of the task, any work at height needs to be planned in advance, with careful consideration given to the selection and use of work equipment, fall protection measures and means of escape in an emergency.

CII in its 4th edition of Best Practices Competition on OHS will be focussing on the theme of “Working @ Height”

The objective of the Competition is to recognise good safety performance on the part of organisation and to stimulate and maintain the interest of both the management and the workers in prevention of accidents.

Categories

Objectives

To inculcate

the culture of Prevention with an aim to make the Indian Industry Globally Competitive

To recognise
