

8th Edition of Annual Conference on Occupational Health & Safety

Reimagining Occupational Health & Safety for \$5 Trillion Economy

6th October 2023

Plant 13 Annexe, Godrej & Boyce Mfg. Co. Ltd, Mumbai

India is one of the fastest growing economies in the world. Projections of growth, over the medium term, remain encouraging and optimistic for India and are indicative of the potential of India to achieve a \$ 5 Trillion Economy by 2025.

While the above remains true, there are various challenges that India needs to overcome to achieve this dream. **Despite all the challenges, India has been able to exhibit resilience.**

This trend can be further accelerated multifold by businesses, by investing in Occupational Health and Safety (OHS) while earning benefits like Improved Productivity, Reduction in Operating Costs, Boost Stakeholder Confidence & the most important Positive Reputation for organisation amongst others.

The 8th Edition of CII's Annual Conference on Occupational Health & Safety has been organised with an aim to set a stage for discussion on OHS as an accelerator in realising India's dream of a \$ 5 Trillion Economy.
