**CII Naoroji Godrej
Centre of
Manufacturing
Excellence has
therefore, built this
initiative to support its
members desiring to
take their 1st step
towards Workplace
Safety.**

Assessment Methodology

1. A detailed Check Sheet based upon all Safety Pillars requirements tailored to meet organizational requirements.
2. Field visits / Observations / verifications of documented information / interviews with concerned / Photographs as evidence etc.
3. Examination of Reference documents (SOP's / Safety precautions, Legal compliances, etc) as well as Records of accidents / Near Misses etc.
4. Suggestions / Gap identification / OFIs based upon objective evidence, for improvement.
5. Sharing of Safety Score & an Assessment Report.
